Thank you for your contribution to the Gilbert White Memorial Fund.

As you may know, Dr. White was one of the most celebrated geographers of the past century. He raised our nation's awareness of the hazards people assume when living in and near flood zones. His work shapes all of our community's flood safety practices.

In his memory, this fund will be used to construct a flood marker along Boulder Creek. The Community Foundation is collaborating with a volunteer advisory committee and the City of Boulder on this important tribute.

The Community Foundation is proud to be part of this effort and we thank you for your generosity in joining us in honoring Dr. Gilbert White.

Sincerely,

Josie Heath, President
